Our tuckshop supports the Queensland Government Smart Choices Strategy for Healthy Food and Drink Supply in Queensland Schools. Over the last few years our school tuckshop has introduced many “Green” classified food options to our menu to encourage children to make healthier food choices.
While you will still see “treat” type foods on our menu, we aim to supply a healthier version of this food (lower in fat, salt and sugar), and also offer salad on burgers to increase their nutritional value.
To help you to know which items are green (have plenty) or amber (select carefully) please refer to the green or amber apple beside the foods & drinks.
